

# OS/2 IS ALIVE!

## CELEBRATE OPERATING SYSTEM FREEDOM

**September 9 & 10, Independence Mall Holiday Inn  
Downtown Philadelphia**

**OS/2 Warp from IBM is the world's most versatile operating system**

- As powerful as Unix, as easy to use as Windows, and the most advanced user interface ever.
- Runs DOS, Windows, Unix, and Java applications all at the same time, *plus* thousands of native OS/2 applications
- Join OS/2 users from around the world to see
  - new products in action!
  - presentations by IBM on OS/2's bright future
  - OS/2 experts on programming, networking, and support

**Admission: \$99 at the door; students with ID, free.**
